## INDEX TO VOLUME XCVII.

- Abbot, S. L. Albuminuria at the seventh month of pregnancy; severe gastralgia; induced labor; recovery, 331.
- Abortion, criminal, 454.
- Abscess, peri-uterine; hamatocele; rupture of abscess into pelvic cavity; peritonitis; death, 462; mammary, case of threatened, from ulceration of the nipple, 63; of the lungs, 688.
- Abuse of medical charities, the, 496, 546, 574, 598, 634; of medical charities, a remedy, 638; of medical institutions, the, 393.
- Aconite, its mode of action, 361.
- Addison's disease, a case of, 470.
- Advice to students, 367.
- Ætiology of cutaneous diseases, the, 313.
- Albuminuria, 13.
- Albuminuria at the seventh month of pregnancy; severe gastralgia; induced labor; recovery, 331.
- Alimentary canal, the histology of, the, 271.
- Alopecia areata, 690.
- Amenorrhœa treated by electricity, 74.
- American Dermatological Association, proceedings of the, 309; annual address to the, 306.
- American Medical Association, Dr. Bowditch's closing remarks at the meeting of the, 84.
- Amory, Robert. Recent progress in therapeutics, 335, 367.
- Amputation of arm for railroad injury; torsion; recovery, 600; for chondro-sarcoma of the ulna; Lister dressing, 571; of leg, 203; through the knee-joint, with remarks, report of two cases of, 98.
- Amyl-nitrite, effect of, on tinnitus aurium, 626.
- Amyloid degeneration of the heart and endocardium, 587.
- Anal speculum, 625.
- Anatomy, recent progress in, 270, 305; recent progress in pathology and pathological, 555, 587.
- Anæmia pernicious, the relapse in, 473.
- Anencephalic monster, case of, with spina-bifida and umbilical hernia, 174.
- Aneurism of the aorta, 532, 563, 718.
- Aneurism popliteal; ligature of the femoral artery; recovery, 202; rapid cure of, by pressure, 753.
- Annual report of the Suffolk District Medical Society, the; diphtheria and croup, 4.
- Announcements, annual medical, 227.
- Anomalia following a blow on the occiput, 527; case of, 236.
- Antagonism of vaso-constrictor and vaso-dilator nerves, 109.
- Antiseptic action, do the usual solutions of eucaine or atropine have an? 476; surgery, 747.
- Antiseptic treatment, personal observations of Lister's, 235.
- Aorta, aneurism of the, 532, 563, 718.
- Appendix vermiformis, typhlo-enteritis with perforation of the, 533.
- Argyria, 690.
- Arm, amputation of, for railroad injury; torsion; recovery, 600.
- Arenic, 42.
- Articular rheumatism, chronic, 486.
- Artificial food in earliest infancy, 131.
- Autoplegia, two cases of obscure disease, with, 649.
- Ayer, James B. Result of the Brown-Séquard treatment in twelve cases of epilepsy, 744.
- Baker, W. H. Lacerations of the cervix uteri as a cause of uterine disease, 523.
- Baths, on the use and action of the continual, 693; the use of natural, in skin diseases, 692.
- Bedstead, invalid's, 627.
- Belindonna, 44.
- Bile, effects of saline cathartics, nitro-muriatic acid, and mercury upon the, 357.
- Bile ducts, dilated; repeated passage of gall-stones; death from cerebral hemorrhage, 530.
- Bishop, Phaniel E. Extraordinary tolerance of a poisonous dose of chloral hydrate, 268.
- Blake, John G. Unusual cases in private practice, 207.
- Board of health, Mayor Prince and the, 659.
- Books and pamphlets reviewed: Aix-les-Bains and Marlioz, 586; American Public Health Association, 478; Chemia Coarctata, 357; Cutaneous and Venereal Memoranda, 693; Day on Headaches, 23; Diseases of the Mind, 194; Diseases of Children, 257; Growth of Children, the, 199; Hair in Health and Disease, 394; Hand-book for Hospital Visitors, 21; Health of Towns, 224; Hospital Hygiene, 627; Hutchinson's Illustrations of Clinical Surgery, 263; Hutchinson's Plates, 638; International Otological Society, the, 279; Loomis on Fevers, 759; Manual for Medical Officers, 198; Parker and Bottany on the Skull, 656; Phin on the Microscope, 657; Philadelphia Pathological Society, the, 278; Practitioner's Reference Book, 567; Seguin on Spinal Paralysis, 113; Sominkey on Beauty, 536; Tanner's Index of Diseases, 537; Thin's Histology, 22; Toland's Surgery, 557; Walsh's Ledger, 657; Water Supply and Sewerage in Atlanta, 277; West Riding Report, 110; Woodman and Tidy's Forensic Medicine, 506; Ziemssen's Cyclopaedia, vol. xii. 20, vol. xv. 254, vol. xvi. 536.
- Boston City Hospital, medical cases of Dr. O. W. Doe, 453; surgical cases of Dr. W. A. B. Field, 570; of Dr. G. W. Gay, 399, 600; of Dr. Homans, 302; of Dr. Thorndike, 82.
- Boston Dispensary, 607; the, and venereal disease, 630.
- Boston Lying-In Hospital, cases of Dr. W. L. Richardson, 53, 168.
- Boston Society for Medical Improvement, proceedings of the, 569, 718.
- Boston Society for Medical Observation, proceedings of the, 46, 72, 527, 753.
- Boston Society of Medical Sciences, report of proceedings from January to May, 1877, 573.
- Bowditch's, Dr. closing remarks at the meeting of the American Medical Association, 84.
- Bowditch, Henry P. Recent progress in physiology; vaso-motor mechanism, 66, 106.
- Bowels, intussusception of the, 526.
- Bradford, surgical cases of Dr. E. H., 763.
- Brain, a case of softening of the, 522; softening of, 667; from the, to the ear, 742.
- Breast, cancer of, 504.
- Bright's disease, acute, with severe uræmic convulsions; recovery, 453; chronic, 724, 726; chronic; hydrothorax, 727.
- Bromide of conia, crystallized, 44.
- Bronchial respiration, the point of origin of so-called, 1.
- Bronchitis, paralysis following diphtheria, complicated with, 429.
- Brown, Ira. Transverse fracture of the patella, 284.
- Brown-Séquard treatment in twelve cases of epilepsy, result of the, 744.
- Calcic oxalate in urina, 16.
- Calculus, large vesical, 559.
- California, climate of Southern, the, 318.
- Camp-cure, 258.
- Campbell, K. R. Unusual case of ovarian disease, 554. of breast, 504; of tongue; excision, 572.

- Cancer of the cervix uteri; labor complicated by, 453.  
 Carcinoma of the cervix uteri, remedy for the pain in, 523.  
 Carcinoma uteri unattended by uterine symptoms, 630.  
 Caries of spine, with obscure symptoms, 451; of the vertebra, 537.  
 Carnsey Hospital, 763.  
 Cartilage, 270.  
 Cataract, a few practical suggestions concerning extraction of, 491; extraction of, 404.  
 Catarrhal stomatitis, 342.  
 Catheterism, 598.  
 Cervix uteri, labor complicated by cancer of the, 453; laceration of the, 73; laceration of the, as a cause of uterine disease, 72, 323; lacerations of the, treatment of, 217; polypus of, 663; remedy for the pain in carcinoma of the, 220; slight laceration of the, 543.  
 Chadwick, James E. Cases of double uterus and vagina, 708.  
 Chapin, F. W. Annual report for Hampden district, 100.  
 Charities, administration of medical, 279.  
 Observer, David W. Ovariotomy, 245.  
 Chemistry, recent progress in medical, 12, 40.  
 Chesney, J. From the brain to the ear, 742.  
 Children's diseases, contributions to the therapeutics of, 160; recent progress in the treatment of, 156, 157.  
 Chloral hydrate, extraordinary tolerance of a poisonous dose of, 269.  
 Chlorodyne, 687, 765.  
 Chloroform injections, herpes zoster treated by, 468.  
 Chondro-sarcoma of the ulna; amputation; Lister dressing, 871.  
 Chorea of long standing, case of; disappearance after delivery, 64; on the treatment of, 157; treated by chloral suggestions and valerianate of zinc, 459.  
 Choroid, pigmented sarcoma of the, 49; spindle-cell sarcoma of the, 533.  
 Choroiditis tuberculous, 472.  
 Chrysophanic acid and Goa powder, 339.  
 Chrysophanic acid in psoriasis, 654.  
 Chrysoids of the liver, 537.  
 Clarke, Dr., the death of, 657.  
 Climate of Martinique, 400; of Southern California, the, 518.  
 College of Physicians and Surgeons, New York. Clinic of T. Galliard Thomas for diseases of women, 542, 546.  
 Color in medicine, 509.  
 Common duct, obstruction of the, depending upon hardening of the end of the pancreas, 531.  
 Comparative mortality-rates, 28, 53, 67, 116, 146, 178, 206, 223, 264, 292, 331, 350, 378, 406, 434, 462, 490, 517, 548, 576, 608, 638, 670, 702, 734, 766.  
 Conjunctiva, primary lupus of the, 445; tuberculosis of the, 473.  
 Connecticut River Valley Medical Association, proceedings of the, 222.  
 Convulsions, puerperal, 595.  
 Cord, case of knot in the umbilical, 87; prolapse of the, 343; prolapse of the, restoration, 452.  
 Cornea, healing of the wounds of the, 447; transplantation of the, 445.  
 Coxo-femoral dislocation, 222.  
 Crocker, John M. Erysipelas and puerperal fever, 117.  
 Crosby, Dr. A. B., obituary notice of, 373.  
 Croup, diphtheria and; the annual report of the Suffolk District Medical Society, 4.  
 Curtis, Dr., a reply to, 700.  
 Curtis, T. B. Diphtheria and croup: the annual report for the Suffolk District Medical Society, 4; recent progress in genito-urinary surgery, 617, 710; the metric system in medicine and pharmacy, 642.  
 Cyst, serous subconjunctival, 476.  
 Cystoecerus of the skin, 602.  
 Cystitis, the treatment of, by milk diet, 622.  
 Cystitis, 17.  
 Cyst of the vagina, 591.  
 Dartre, la, 653.  
 Death of Dr. Clarke, the, 657.  
 Deformities, 538.  
 Delivery, case of chorea of long standing; disappearance after, 54; case of recurring malarial symptoms following, 54; without the knowledge of the patient, instrumental, 192.  
 Demodex folliculorum, 692.  
 Derby, Hasket. A few practical suggestions concerning extracting a cataract, 491.  
 Dermatology, 247; recent progress in, 651, 688.  
 Diabetes, danger of surgical interference in cases of, 535; mellitus; effect of salicylate of soda, 427.  
 Diabetic patients, on the frequent occurrence of eczema in, 656.  
 Digitalis in pneumonia, 694.  
 Diphtheria and croup: the annual report for the Suffolk District Medical Society, 4.  
 Diphtheria, a case of; invasion of the larynx; tracheotomy; recovery, 411; paralysis following, complicated with bronchitis, 429; paralysis of both posterior crico-arytenoid muscles in a case of; tracheotomy; recovery, 207.  
 Disinfection, acaridina versus, 155.  
 Dislocation of foot, compound; amputation of leg; recovery, 203.  
 Dislocation or displacement of the hip, double congenital, 559; of the patella, a case of fracture and one of, 487; dislocations of the hip, 232.  
 Doe, Dr. O. W., medical cases of, Boston City Hospital, 458.  
 Drainage, treatment by; empyema, 428.  
 Dright, Thomas. Recent progress in anatomy, 270, 305.  
 Dysidrosis, pompholyx, 688.  
 Dyspepsia following the subsidence of epileptic seizures, 49.  
 Dyspepsia in infants, 76.  
 Dysentery, 343; chronic, 486.  
 Dysmenorrhea from stenosis and flexion, 665.  
 Ear, the nasal douche and the, 500; the development of the middle, 435; from the brain to the, 742.  
 Ectopia scutis, 401.  
 Eczema and psoriasis, the relations between, 654.  
 Eczema in diabetic patients, on the frequent occurrence of, 656.  
 Eczema marginatum, 310.  
 Editorial review of 1877, 761.  
 Electrical treatment, injury resulting from, 463; injuries inflicted by, 529.  
 Electro-therapeutics, 696.  
 Ellis, Calvin. The point of origin of so-called bronchial respiration, 1; ulcerative endocarditis; embolism of the arteries of the left leg, 549.  
 Embolism of the arteries of the left leg; ulcerative endocarditis, 549, 554.  
 Empyema, treatment by drainage, 428.  
 Endocarditis, ulcerative; embolism of the arteries of the left leg, 549, 554.  
 Endocardium, valvular thrombus, with ulceration of the, 719.  
 Endometritis; movable kidney, 430.  
 Enucleation after the internal employment of ergot; uterine fibroid treated by, 429.  
 Epilepsy, large fibroma of the larynx causing; cure, 417; result of the Brown-Séquard treatment in twelve cases of, 744.  
 Epiphysis, separation of the, at the lower end of the humerus, 764.  
 Epithelioma of the lachrymal gland, 444.  
 Ergot, uterine fibroid treated by, 429; uterine fibroid treated by enucleation, after the internal employment of, 429.  
 Eruption due to iodide of potassium, bullous, 689.  
 Erysipelas and puerperal fever, 117.  
 Erythroxylon coca, 361.  
 Eserine or atropine, do the usual solutions of, have an antiseptic action? 476.  
 Examiners, meeting of medical, 80.  
 Excision, cancer of tongue, 372.  
 Excision of inferior maxilla, 286.  
 Expedients in gynecological practice, 131.  
 Expedition, the Woodruff scientific, 366.  
 Explosive, injury to hand from; Lister dressing, 371.  
 Extension of inflammation from the brain to the tympanum, 508.  
 Extirpation of the kidney, 748; of the larynx, 750.  
 Extra-uterine gestation, a case of, 619.  
 Extraction of cataract, 404; a few practical suggestions concerning, 491.  
 Eyeball, enucleation of the, 74.  
 Eye, drainages of the, 475.  
 Face, gunshot wound of the, 400.  
 Face and neck, myology of the, 307.

- Face presentations, 190.  
Fairness and accuracy, a plea for, 699.  
Femoral aneurism, 228.  
Femur, division of the tendo Achillis in fracture of the lower third of the; a case of T fracture, 613; fracture of the neck of the, within the capsule, 582.  
Fibroid tumor of the uterus complicating pregnancy, 626.  
Fibro-myoma vaginæ, 221.  
Fibula, myeloid tumor of the, 721.  
Field, Dr. W. A. B., surgical cases of, Boston City Hospital, 579.  
Finger, injury of the, 547.  
Fisher, Theodore W. Insanity and the revival, 59.  
Fistula, closure of the vulva for vesico-vaginal and recto-vaginal, 666; in ano, treatment of, 134.  
Fittest, survival of the, 466.  
Fits, R. H. Recent progress in pathology and pathological anatomy, 565, 587.  
Fetal pulse, conditions affecting the, 214.  
Fetation, a case of extra-uterine, 519.  
Fetus in utero, affected by medicine which is given to the mother, is the? 189.  
Forearm, nerve, 191.  
Fracture and absorption of the bones in locomotor ataxia, spontaneous, 562.  
Fracture of the neck of the femur within the capsule, 582; and one of dislocation of the patella, a case of, 487; of the base of the skull, 63; of humerus and radius of the same arm, 570; of the lower third of the femur, division of the tendo Achillis in, a case of T fracture, 613; of the spine, 716; of the metatarsus, compound, 571; patella, 266, 561, 615; patella, of the, transverse, 384; of the patella, treatment of, 179; of the pelvis, with recovery, 572; skull, compound fracture of, 82, 84; two cases of, 736.  
Fuchsine in wine, 40.  
Functional spasm, 564.  
Gall-stones, repeated passage of, dilated bile ducts; death from cerebral hemorrhage, 530.  
Gallop, J. F. Treatment of fracture of the patella, 179.  
Gangrene, case of extensive; delivery by craniotomy, death, 170.  
Gastric disturbance, nervous symptoms secondary to slight, 354.  
Gastrophony, 751.  
Gay, Dr. G. W. Surgical cases of, Boston City Hospital, 399, 600.  
Genito-urinary surgery, recent progress in, 617, 710.  
German sanitary literature, recent, 600.  
Gillman, John H. Chlorodyne, 687.  
Glandular tumors, 392.  
Gua powder, chrysophanic acid and, 339.  
Gout, 486.  
Goodell, Dr. Wm., clinical service of, Hospital of the University of Pennsylvania, 663.  
Goodell, William. Laceration of the female perineum, being a clinical lecture, 609.  
Green, J. Orne. Recent progress in otology, 500, 524.  
Grindella robusta, 508.  
Gunshot wound of the face, 400.  
Gynecology, recent progress in obstetrics and, 189, 217.  
Hemorrhage, intra-uterine injections in post-partum, 89; after the application of Esmarch's bandage, 752.  
Hamilton, Allan McLane. A case of peculiar unilateral tumor following head injury, 861.  
Hampden district, annual report for, 100.  
Harvard Medical School, the, 698.  
Hayden, D. H. Recent progress in the treatment of children's diseases, 129, 157.  
Head injury, a case of peculiar unilateral tremor following, 561; injury to the, 294; surgical injuries of the, 147.  
Health resorts in the United States, 516.  
Heart and endocardium, amyloid degeneration of the, 567.  
Heston's method, inguinal hernia treated for radical cure by, 602.  
Hemaphysalium, hypopneidæ signifying, 577.  
Hernia, new treatment of, 19; fatty, 721.  
Hernia, inguinal, treated for radical cure by Heston's method, 602.  
Herpes cornæ serpiginea recurrens, in its third attack, 408.  
Herpes acuter treated by chloroform injections, 458; pathology of, 658.  
Hildreth, J. L. A case of extra-uterine gestation, 519.  
Hip disease, 506; dislocations of the, 392; hip, double congenital dislocation of the, 560.  
Histology of the alimentary canal, the, 271.  
Hitchcock, Prof., on physical education, 480, 512, 547.  
Homans, Dr. John. Cases of ovariectomy, 245; surgical cases of, Boston City Hospital, 202.  
Homocapathy, 164.  
Hopkins, H. R. Two cases of obscure disease, with autopsies, 649.  
Hoover, Alfred. A case of vaginal lithotomy, 579.  
Hospital nurses in London, 261; report, clinical service of Dr. Wm. Pepper, 486; reports, 113.  
Hospital of the University of Pennsylvania, clinical service of Dr. Wm. Goodell, 663.  
Howe, Octavius Thorndike. Fracture of the patella, 266.  
Howe, S. Recent progress in obstetrics and gynecology, 188, 217.  
Humeral, total resection of, 768; separation of the epiphysis at the lower end of the, 764.  
Hunt, David. The development of the middle ear, 435.  
Hydrate, croton chloral, 361.  
Hydrobromic acid in tinnitus aurium, 339.  
Hydrocele, 578.  
Hydrocyanic acid, 43.  
Hydrophobia, 79; a reply to Dr. Young, 114, 748.  
Hyperplasia of the uterus, retroflexion with, 570.  
Hypertrophy of the prostate, 712.  
Hypopneidæ signifying hemaphysalium, 577.  
Hysterical paralysis, 428.  
Inhaler, hospital, 626.  
Injuries inflicted by electrical treatment, 529.  
Injury of the middle finger, 547; resulting from electrical treatment, 463; to hand from explosion, Lister dressing, 371.  
Innervation, collateral, 109.  
Insanity and the revival, 59.  
Insanity, ophthalmoscopic appearances in, 448; the treatment of, 728.  
Instrumental delivery without the knowledge of the patient, 192.  
Intra-uterine injections in post-partum hemorrhage, 89.  
Intussusception of the bowels, 535.  
Invalid's bedstead, 627.  
Inversion of the uterus, recovery, 211.  
Iodide of potassium, acute conditions of disease excited by, 310; bullous eruption due to, 689.  
Iodine, a new preparation of, 338; purpura produced by, 689.  
Iritis, 180.  
Jaw, excision of, 892; necrosis of the, 769.  
Jewett, George. Surgical injuries of the head, 147.  
Kidney in scarlatina, 589; extirpation of the, 748.  
Kidney movable; endometritis, 430.  
Knee, direct incision, 768.  
Knee-joint, incised wound through the patella into the, 390; report of two cases of amputation through the, with remarks, 98.  
Knight, F. I. Case of anoma following a blow on the occiput, 293; recent progress in the treatment of diseases of the throat, 387, 416.  
Knot in the umbilical cord, cases of, 87.  
Labor, case of; the child hydrocephalic, 344; tedious and difficult, 343; with twins; arm presentation; locked heads; inability to deliver the presenting child by turning, until the upper child had been turned and delivered; both living, 508.  
Labyrinth, syphilitic disease of the, 502.  
Laceration of the female perineum, 609.  
Lacerations of the cervix uteri, as a cause of uterine disease, 238; treatment of, 217.  
Lachrymal gland, epithelioma of the, 444.  
Large vesical calculus, 589.  
Larynx, and treatment of paralysis of the glottis opening, 390; extirpation of the, 760; large fibroma of the, causing epilepsy; cure, 417; lupus of the, 387; invasion of the; tracheotomy; recovery; a
